NOTES

★ Siren Beep will also translate to a clicking noise on the right side of the motor

- Beep Once: Click once
- Beep Twice: Click twice
- Long Beep: Click thrice (3 times)

REMOTE DUPLICATE

- Duplicating from the original remote to the new remote
- Follow the flow chart above the step to duplicate remote:

1 → 2 → 3 → 4 → 5

- At step 3, please make sure not to release the "top button" while the "Bottom button" is released.
- At step 4, make sure to place the new remote on top of the original remote and press "Left and Right" buttons on the source remote while maintaining pressing the "Top button" on the original remote.
